

Welcome

to canopy

# Canopy – Our Vision

For generations, this land has been home to one family. Now, it is being offered to a new generation of families – families made up of different ages at different life stages, all united by the desire to reconnect, renew and rediscover the simple rewards of everyday life.

“Canopy” will be a walkable, bikable outdoor community with a mixture of residential, retail and office space. With a 45-acre freshwater pond, towering oaks, rolling hills and wide open meadows, this community will respect as well as celebrate the natural beauty of the land.
